

GENERAL INFORMATION

Once the Board has determined or adjusted the district's eligibility for either new construction or modernization funding on Form SAB 50-03 the district may file an application for funding by use of this form. If the district has a pending reorganization election that will result in the loss of eligibility for the proposed project, the district may not file an application for funding until the Board has adjusted the district's new construction baseline eligibility as required in Section 1859.51. This may be accomplished by completion of Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03.

For purposes of Education Code Section 17073.25, the California Department of Education (CDE) is permitted to file modernization applications on behalf of the California Schools for the Deaf and Blind.

Requests for funding may be made as follows:

A separate apportionment for site acquisition and/or design costs for a new construction project pursuant to Section 1859.81.1. This apportionment is available only to districts that meet the financial hardship criteria in Section 1859.81. Districts may apply for a separate apportionment for the design and for site acquisition on the same project. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

A separate apportionment for design cost for a modernization project pursuant to Section 1859.81.1. This apportionment is available only to districts that meet the financial hardship criteria in Section 1859.81. For purposes of this apportionment, the Form SAB 50-03 must accompany this form (if not previously submitted).

A New Construction Adjusted Grant pursuant to Section 1859.70. If the funding request includes site acquisition, the proposed site must either be owned by the district, in escrow, or the district has filed condemnation proceedings and received an order of possession of the site. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

Prior to acceptance of an application for funding that includes a financial hardship request, the district must have its financial hardship status "pre-approved" by the Office of Public School Construction (OPSC). To apply for a financial hardship "pre-approval", consult the OPSC Web site at www.opsc.dgs.ca.gov.

If the district is requesting New Construction funding after the initial baseline eligibility was approved by the Board and the district's current CBEDS enrollment reporting year is later than the enrollment reporting year used to determine the district's baseline eligibility or adjusted eligibility, the district must complete a new Form SAB 50-01 based on the current year CBEDS enrollment data, and submit it to the OPSC with this form. A small district with 2,500 or less enrollment as defined in Section 1859.2 will not have its eligibility reduced for a period of three years from the date the district's baseline eligibility was approved by the Board as a result of reduction in projected enrollment.

For a list of the documents that must be submitted in order for the OPSC to deem a funding request for new construction or modernization complete and ready for OPSC processing, consult the OPSC Web site at www.opsc.dgs.ca.gov.

For purposes of completing this form for a Final Charter School Apportionment, a charter school shall be treated as a school district.

SPECIFIC INSTRUCTIONS

The district must assign a Project Tracking Number (PTN) to this project. The same PTN is used by the OPSC, the DSA and the CDE for all project applications submitted to those agencies to track a particular project through the entire state application review process. If the district has already assigned a PTN to this project by prior submittal of the P&S to either the DSA or the CDE for approval, use that PTN for this application submittal. If no PTN has been previously assigned for this project, a PTN may be obtained from the OPSC Web site at www.opsc.dgs.ca.gov "PT Number Generator."
